國際語音學會

INTERNATIONAL PHONETIC (H.K.) ASSOCIATION

English Phonetics Class

(For F.1 to F.4 Students)

中學生英語語音班

International Phonetic (H.K.) Association was founded in January 1991, and since then has provided a variety of courses in English phonetics and phonology for people in Hong Kong. The courses "*English Pronunciation for Students*" and "*Practical English Phonetics and Phonology for Teachers*" have provided the students and teachers of English with an opportunity to understand the important theories and skills in pronunciation as well as other features of spoken English.

Aims: To improve students' understanding of English pronunciation and speech systems with the help of diagrams, IPA symbols and basic theories.

Topics:

- 1) Organs of speech and the production of English sounds
- 2) The International Phonetic Alphabet (IPA)
- 3) Vowels and consonants
- 4) Syllable and stress
- 5) Application of phonetic symbols in dictionaries
- 6) The pronunciation of *-ed* ending verbs
- 7) Weak-forms and strong-forms
- 8) Connected speech: linking, assimilation, elision
- 9) Introduction to intonation and phrasing
- 10) Accents of English: Received Pronunciation (RP) and General American
- 11) Improve listening skills by using audiobooks
