## INTERNATIONAL PHONETIC (H.K.) ASSOCIATION

### English Phonetics Class

( For Secondary School Students )

中學生英語語音班

**International Phonetic (H.K.) Association** was founded in January 1991, and since then has provided a variety of courses in English Phonetics and phonology for people in Hongkong. The courses "*English Pronunciation for Students*" and "*Practical English Phonetics and Phonology for Teachers*" have provided the students and teachers of English with an opportunity to understand the important theories and skills in pronunciation as well as other features of spoken English.

**Aims:** To improve students' understanding of English pronunciation and speech systems with the help of diagrams, IPA symbols and basic theories.

- Topics:**
- 1) Organs of speech and the production of English sounds
  - 2) The International Phonetic Alphabet (IPA)
  - 3) Vowels and consonants
  - 4) Syllable and stress
  - 5) Application of phonetic symbols in dictionaries
  - 6) The pronunciation of *-ed* ending verbs
  - 7) Weak-forms and strong-forms
  - 8) Connected speech: linking, assimilation, elision
  - 9) Introduction to intonation and phrasing
  - 10) Accents of English: Received Pronunciation (RP) and General American
  - 11) Improve listening skills by using audiobooks
